Impact Hub

Penha de França

We transformed a former industrial print shop into a **vibrant space** for events, coworking, a café, and modern offices.

Located in the heart of Penha de França, it's a hub of creativity and connection — just next to Arroios, named the coolest neighborhood by Time Out.

Designed for innovation, the space blends industrial aesthetics with abundant natural light, dynamic areas, and three inviting terraces, making it the perfect destination for collaboration and inspiration.
